

Lib Dem Focus

Spring 2013

Our Children's Future

- 75,000 young people in the North West are long-term unemployed. Congleton will not escape the effects of this lost generation.
- Euro MPs are backing moves for a Europe wide youth guarantee which would increase EU funding to help young people find a job.
- One of the major employers in Congleton is a European company. Local companies large and small depend on trade with Europe.

Chris Davies MEP for North-west England fights to make Europe work for all of us

- Chris Davies blew the whistle on abuse of MEP's expenses.
- Chris played a critical role in pushing through reforms to safeguard our fishing stocks.
- As Lib Dem Environment spokesman, Chris works to build effective coalitions to counter climate change, vital for future generations.

Congleton is part of the North-west England constituency. Chris Davies grew up in Cheshire. He has served as both a councillor and an MP. Before entering politics he ran his own business for 15 years. Chris is married with one daughter. Chris is up for re-election in 2014.

Lib Dem Focus

Spring 2013

We believe in a strong Europe

Fact 1 - 3½ million jobs rely on trade with Europe. This is 11% of the UK workforce!

Fact 2 - The UK is the largest recipient of global inward investment in Europe. This is dependent on our continued EU membership.

Fact 3 - 2012 was a record year for UK car exports. Over 40% of these exports went to EU countries.

..... and we believe in Congleton Town.

Lib Dem Cllr. Denis Murphy is working with other town councillors to keep open valuable local facilities which are under continual threat.

For example:

- securing the future of Mountview Care Centre
- previous funding for Fellowship House
- maintenance of our public toilets
